

SGI TP3 - Short Users Manual

Choose User Balloon: Press the **User Balloon** button to select your balloon from the available options. Select a balloon by clicking on it.

Choose Opponent Balloon: Press the **Bot Balloon** button to select the opponent's balloon. Select a balloon by clicking on it.

Add Username: Enter your username by pressing the **Edit Name** button or by pressing the empty name field in the middle of screen. Type in your username and press **ENTER** to save it.

Playing: Navigate through the track, avoid obstacles, and collect power-ups. Press **W** and **S** to move your balloon up or down, respectively. Additionally, press **A** and **D** to turn your balloon to the left or right, respectively.

Pause: Pause the game if needed by pressing and **P** key. Press **P** again or click the **Resume** button to resume the game. Press the **Quit** button to quit.

Free Mode: Press **K** while in the Pause menu to move your camera freely. Press **K** again to exit this mode.

End: Press **ESCAPE** at any given time to forfeit and end the game.
